IDEXX + ezyVet
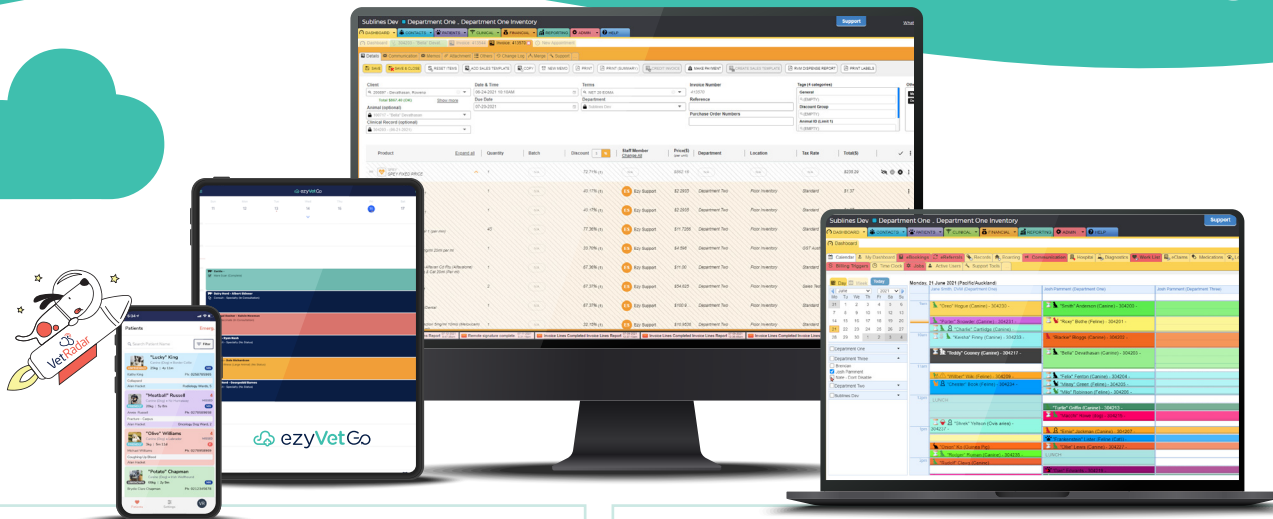

ezyVet does it all

Discover an all-in-one practice management solution, fueled by technology, designed to increase efficiency and improve profitability in practices of all shapes and sizes.

Problems

- Time consuming, mundane and repetitive tasks using up limited resources
- Slow outdated systems that can't keep up with new tech-driven solutions
- Fast-paced work environment can result in missed charges and out of date inventory
- Growing demand with the increase in pet ownership and decline in veterinary professionals

Solutions

- Increase your practices efficiency with automation and templates unlocking time saving workflows
- Improve practice agility and staff experience, access ezyVet from anywhere and connect your practice with over 95 partners
- Increase profitability through automatic charge capture, staying on top of invoices and inventory
- Improve your client experience and retention through automated communication, wellness plans and the client portal
